REINFORCEMENTS FOR RUSSIAN SQUADRAN

Admiral Nebogatoff's Fleet Has Joined Rojestvensky.

FOUR BOATS LEFT AT KAMRANH

Vladivostok Is the Objective Point of the Russian Squadron—However, Admiral Togo's Squadron Is Between Them and This Destination.

Tsing Tau, Shan Tung Peninsula, China, April 28.—A private telegram received here says that Admiral Rojestvensky's fleet has joined Nebogatoff's detachment.

News from Russian Capital.

St. Petersburg, April 27.—1:15 p. m.—According to the calculations of the naval staff, Vice Admiral Nebogatoff, who left Jibutil, French Somaliland, March 25, if he has been making 20 knots per day, should reach Singapore tomorrow and could not unite his division with Vice Admiral Rojestvensky in Tonquin bay until May 5. The general opinion is that their juncture is assured on the theory that Admiral Togo would not dare to risk sailing south to meet Nebogatoff since, by so doing, he would leave the way to Vladivostok open to Rojestvensky.

Four Transports in Kamranh Bay.

Kamranh Bay, via Saigon, Cochin China, April 28.—The only ships remaining in Kamranh bay are four German transports. All the rest of the transports and Russian hospital ship Orel and other vessels left behind by Admiral Rojestvensky, left. They are assembled outside of the bay and form an extended line stretching from Cape Varela to the head of the Kamranh peninsula. Torpedo boats are scouting in all directions.

The two freight laden steamers captured by Admiral Rojestvensky, were under the German flag. It is presumed that they are suspected of having contraband of war on board.

News from Japanese Capital.

Tokio, April 27.—4 p. m.—The movements of the squadron commanded by Admiral Rojestvensky and the intentions of the Russian commander continue to be the subject of general interest and speculation.

The last Japanese reports are conflicting, and confusing. They do not indicate definitely the purpose of Rojestvensky, but it is evidently the intention of the Russian admiral to await a junction with the division commanded by Admiral Nebogatoff, which increases the probability of his intention to give Admiral Togo a decisive battle.

It is assumed that Rojestvensky will bring all the ships and guns possible into action, if he intends to fight, or will detach and abandon his slow, cumbersome and useless ships if he intends to run the gauntlet to Vladivostok. It is believed that the location and date of the engagement will depend entirely on Rojestvensky.

The Japanese defensive plans are concealed with absolute secrecy. The proclamations issued are viewed calmly by the officials and public. The people appreciate the importance of the retaining the sea power of Japan and the great consequences which hings on victory or defeat, but they are confident of success owing to the superiority in numbers and strength of the armored cruisers of Japan, which it is believed counter balance the Russian superiority in battleships.

Confederate Monument Unveiled.

Birmingham, Ala., April 28.—Confederate Memorial day was observed here by the unveiling of a monument erected in Capital park by Pelha chapter United Daughters of the Confederacy, to the confederate soldiers and sailors. A procession of veterans, militia and citizens marched to the park, where the ceremonies of unveiling occurred. General George P. Harrison, of Opelika, commander in chief of the confederate veterans of Alagama, was the orator of the day. Decoration of confederate graves at Oak Hill cemetery followed.

STRIKE SPREADS IN CHICAGO.

Many Teamsters Join the Ranks of Those Who Struck Recently.

Chicago, April 28.—The teamsters strike which has hitherto affected less than a hundred men and has been confined to a boycott of Montgomery, Ward & Co., spread today to the wholesale and retail houses of Marshall, Field & Co., and Carson, Pierie, Scott and to the wholesale house of J. V. Farwell company.

Strike pickets with orders to prevent, if possible, the handling of any goods by nonunion men were placed about the stables, store and warehouses of the firms named. As a result of the spreading of the strike 45 heavy trucks and 40 city delivery wagons were kept behind locked doors in the Field delivery barn. At the Carson, Pierie Scott barns also the doors were kept closed, the reason assigned being to prevent pickets learning what preparations were being made. Drivers for the railroad express companies refused today to haul or deliver goods to the firms against which teamsters had struck.

One hundred and ninety drivers of the A. M. Forbes Cartage company struck today. The strike of the Forbes men had the effect of interfering partly or wholly with the teaming of 60 other firms for whom the Forbes company furnished wagons.

WOMAN SUDDENLY DISAPPEARS

Was Chief Witness in Colorado Election Fraud Case.

Pueblo, Colo., April 28.—Mrs. Blanche Shaw, the principal witness against former City Detective E. H. Wilson, will be on trial for alleged fraudulent election registration, has mysteriously disappeared, and District Attorney White has stated that he believes the woman has been kidnaped by persons who do not want the election cases prosecuted. As a result of the disappearance of the chief witness the case against Wilson has been vacated and will not be reset until the woman can be found. N. S. Walpole, the newly appointed postmaster in Pueblo, is a defendant in several indictments in which Wilson also figures.

It is known that the woman was offered $500 and a ticket to Mexico to leave the city Tuesday. According to her statement to the district attorney, she refused the offer, but she disappeared that night while the police were watching her.

Every effort is being made to locate the woman.

LAWYERS ENGAGE IN DUEL.

Young Legal Lights of Birmingham Have Pistol Fight.

Birmingham, Ala., April 28.—R. L. Leatherwood and W. A. Denson, prominent young lawyers, engaged in a pistol duel on South Twentieth street this morning. Eye-witnesses say Leatherwood fired the first shot. Each of the participants fired five times. Denson was wounded in the leg and neck but will recover, it is thought. C. C. Caswell, a negro drayman, was slightly wounded by one of the bullets.

Leatherwood is in jail. The shooting grew out of an old feud which began last year by each of the participants reporting the other to the state bar association for alleged violation of legal ethics. Afterwards Denson struck Leatherwood with a piece of iron pipe badly wounding him.

Denson is a son of former Congressman W. H. Denson.

Y. W. C. A. In Annual Session.

Detroit, April 28.—Four group prayer services led by prominent members of the committee opened the first day's session of the Tenth biennial convention of the Aerican committee, federated with the World's Young Women's Christian association. The revolution services were followed by a business meeting to the general and secretarial departments.

Mme. Calve Applauds Bull Fight.

San Sebastian, Spain, April 28.—Mme. Calve was the center of attraction at a bull fight here. She applauded vigorously and enjoyed the spectacle immensely. Anna Held was at the same fight, but fainted when a horse was killed and had to be carried out.

NAN PATTERSON WILL NOT TESTIFY

Unless Prosecution Gets Some New Evidence.

WILL RELY ON STATE'S WITNESS

Pawnbroker Does Not Identify Either Actress or Sister or Morgan Smith as the One Who Purchased Pistol With Which Young Was Slain.

New York, April 28.—Unless the prosecution has some striking bit of evidence discovered since the last trial and which has been zealously concealed thus far, Nan Patterson's fate probably will be entrusted to the jury on the case as presented by her accusers.

After yesterday's session, when Pawnbroker Hyman Stern failed to identify either J. Morgan Smith, Mrs. Smith or Miss Patterson, as persons who were present in his store when the revolver, which killed Caesar Young was purchased, Abraham Levy, Miss Patterson's counsel, said he was confident that the state's case had fallen flat.

"Nan Patterson needs no defense," said Mr. Levy, after a conference with his associate counsel. The defendant will go to the jury on the case as made out by the state when assistant District Attorney Rand closes the testimony.

Mr. Levy added that Miss Patterson was not in favor of this program—that she wanted to go on the stand again, tell the jury her own story and herself try to convince them of her innocence. She will not be permitted to influence the conduct of the case this time, as in the previous trial, however.

If the prosecutor follows the course of the previous trial, as has been taken up to this point, the only important witnesses remaining to be examined are Mrs. Young, the widow of the dead bookmaker, and John Millen, his racing partner.

It is probable, however, that the letters seized when the Smiths were arrested at Cincinnati which did not appear at the las tirial, will be put in evidence. What these letter contain is not yet made public. These letters are expected to throw some light on the reason for the Smiths' hurried departure from this city and the alleged determined efforts to evade agents of the district attorney who were searching for them.

An interesting thing developed was the statement given out by Mrs. Fannie Shapiros in which she claims to have been within a yard of the cab whe nthe shot was fired and she expressed her willingness to go on the stand and swear that Young held the weapon which caused his death.

Mrs. Margaret Young the widow of the dead bookmaker, went on the stand this afternoon. She testified that her husband never had owned a revolver, but that she had one and that she packed it away with a box of cartridges in her baggage when she was preparing to go to Europe just before her husband was killed. The revolver was loaded when she put it in the suit case a year ago, and the cartridges still remain in the chambers. She identified the weapon which was produced by Mr. Rand. The only time the weapon was discharged to her knowledge, she said, was when she fired several shots at a burglar.

When this revolver was found in Young's baggage soon after the end of the last trial, the council for the defense claimed that it proved conclusively that witnesses had testified to what was not true when they said that Young never had owned a revolver.

Wanted to Spring Death Trap.

Tunica, Miss., April 28.—Lige Thomas, a negro, was hanged here for the murder of a white man named Boswell, on Peters Island, last November. R. N. Boswell, of Texas, a brother of Thomas' victim, came here to witness the execution. He requested permission of the officials to be allowed to spring the death trap. The request was refused.

ANSWERS PRESIDENT SPENCER.

Author of Railroad Rate Bill Discusses the Subject.

Detroit, Mich., April 28.—Congressman James E. Townsend, of Jackson, Mich., author of the Townsend Esch railroad bill, spoke last night before a meeting of the Michigan manufacturers' association. Mr. Townsend took up the speech delivered by President Spencer, of the Southern railroad, at Pittsburg, April 7.

"We do not ask wholesale reduction of rates," said Mr. Townsend, 'we want the commission to have power to decide what is a just rate when the rates have been challenged. Secret rebates mean the loss of millions by the railroads, but the railroads are most arrant cowards.

"Traffic men do not know the valuation of transportation of a given article, a given distance and admit they cannot find out. How then do they fix the rates—by putting on all the traffic will stand.

"We are asking nothing more than as President Roosevelt expressed it in his message to 'keep the highways open to all on equal terms.' President Spencer says he agrees with the president's sentiment and yet he attacks the bill which seeks to bring this about. The same arguments now used against the original interstate commerce bill, and yet Mr. Spencer says the original law is a good one and adequate to deal with all abuses which may arise."

HARGIS ADDRESSES THE JURY.

Declares His Innocence in a Most Dramatic Manner.

Lexington Ky., April 28.—Judge Hargis today resumed his testimony under cross-examination for the state after being on the stand for two days and a half. He said in response to a question that he had not told newspaper men on one occasian that he believed Cockrill was a desperado and murderer that any community was better off without him and he did not regret his assassination, but he said that that was the way he felt about it. He said he had warrants issued against himself and brothers at Jackson in order to keep Fayette county from getting jurisdiction over them. The cross-examination closed at this point.

At the close of his testimony Hargis asked the court to allow him to make a statement to the jury. His counsel objected but the court allowed the statement. Rising himself to his full height Judge Hargis faced the jury and exclaimed, as he pointed to his wife and daughter sitting near:

"I just want to say to these 12 men that I am not guilty of this charge, and if I were, I wish never again that woman to call me husband or that child to call me father."

The prosecution objected and the judge excluded the statement.

Fatal Cutting Affray.

Hiawassee, Ga., April 28.—On the headwaters of Tallulah river, in this county, Mayberry Eller and Joe Garrett got into a drunken fight and Garrett almost severed Eller's head from his body with a heavy pocket knife. Eller objected to Garrett keeping company with his niece while intoxicated. All the parties had attended a marriage in the settlement and Garrett had started home with Eller's niece. Eller walked in between them and told his niece to go on with his wife and walked away himself. Garrett drew his knife and followed Eller about 50 yards and assaulted him from behind, cutting him very badly, three places in the back of the neck and head.

Navy Officer a Suicide.

Newport News, April 28.—Lieutenant L. A. P. F. Starke, of the German cruiser Bremen, has committed suicide aboard the ship. His fellow officers say he was temporarily insane as a result of ill-health for six months. The officers of the cruiser were assembled in the mess-room laughing and talking, when Lieutenant Starke excused himself and went to his state room. He had shown no special signs of melancholy and had taken part in the conversation. A few minutes later a muffled report was heard and officers found Starke dead with a wound in his head and a rifle by his side.

MILWAUKEE BANKER GOES IN BANKRUPTY

His Attorneys File Petition In United States Court.

LIABLITIES ARE THREE MILLION

Amount of Money Owed to Banks and Estates Is Enoromous—Bankers Are Staggered at the Way This Milwaukee Banker Handled Funds.

Milwaukee, Wis., April 28—Frank G. Bigelow, National bank president, has confessed an indebtedness to banks and other institutions and estates of which he had charge will aggregate between $2,000,000 and $3,000,000, and based on his confession a voluntary petition in bankruptcy has been filed in the United States district court, which contains the names of as many of Mr. Bigelow's creditors as he can remeber, together with a list of assets on which Mr. Bigelow's valuation is $1,419,000.

By his own admission, his creditors extend all over the United States. His indebtedness to the Broadhead estate is $300,000, and the debt is unsecured. It is also believed that other trusts held by the former banker have suffered. Those familiar with the situation fear Mr. Bigelow's liabilities will exceed his present estimate.

Attorney Charles P. Spooner, who filed the voluntary petition in behalf of Mr. Bigelow, was compelled to make up the petition in such a short time that it is far from complete and will necessarily have to be amended. So far as could be ascertained Mr. Bigelow had no system of keeping a record of his financial transactions and the schedule of liabilities and assets had to be made up from a list made in pencil on half a sheet of note paper in Mr. Bigelow's handwriting.

The system of Mr. Bigelow in conducting large affairs are such as to stagger the belief of bankers. The filing of the petition in bankruptcy will necessitate the withdrawal of the securities which were turned over by Mr. Bigelow to the First National bank as being made within four months of the filing of the petition in bankruptcy it constitutes an act of preference of creditors and the amount which was estimated at about $500,000 will be equally divided among all the creditors.

This, however, will in no way affect the bank.

"The petition was formulated in such haste," said Mr. Sponer, "that the schedule and lists of assets, as well as one of the systems of companies are inaccurate.

"It was compiled from the recollections of Mr. Bigelow, as he had no books or memoranda at his house, apparently, from which definite figures could be obtained. However, I am convinced that Mr. Bigelow gave me the best information he had at hand.

Among the assets listed in the schedule are some which were turned over to the First National bank, which will now be distributed among all the creditors according to the decision of the referee in bankruptcy. The action is in no way unfriendly to the First national bank. The news of Mr. Bigelow's obligations to the banks in the United States and that trust funds have been used fairly took the breath away of some of the officials of the First National bank, who had hitherto been loathe to believe the rumors that the former president had been obtaining money from outside sources. Although they were aware of the fact that the petition in bankruptcy was to be filed they did not know of the items which is contained.

Will Observe Sun's Eclipse.

San Francisco, April 28.—Arrangements are nearing completion at the Lick observatory for the three expeditions that institution is shortly to send out to various parts of the world to observe the eclipse of Aug. 30 next. In addition to seven tons of apparatus from the Lick observatory the lenses and photographic apparatus of the Harvard astronomical observatory will be used.

SENATE AND HOUSE REPRESENTATIVES

New Bills Presented and Old Ones Carefully Considered.

DOG TAX BILL WAS PASSED

Bill to Amend Law Relative to Rule Days—House Knocks Out Bill to Raise Salaries of Judges—College Bill Laid Over Until Next Wednesday.

Tallahassee, April 28.—The following bills were introduced in the Senate yesterday:

Senator Scott—To regulate the holding of festivals for private gain in the State.

Senator Faulkner—To amend the revised statutes relative to grounds for divorce; also an act requiring the deposit of costs of plaintiffs in suits of common law or chancery.

Senator Blount—Joint resolution proposing an amendment to Article 5 of the Constitution, relative to the judiciary department in the establishment of a circuit court in Escambia county; also a bill to provide for the sale by guardians of real estate of their lands.

Bills on the calendar considered were:

Senator Blount's bill to provide for service by publication upon unknown parties in interest in property involved in certain chancery suits, and for decrees and other proceedings after such service, was passed by a unanimous vote.

Senator Clark's bill relative to the taking of depositions in disbarment proceedings was also passed by unanimous vote.

Senator Massey's bill to amend Section 2441 of the Revised Statutes of 1892, relative to jurisdiction in cases of petit larceny, was advanced to its third reading.

House memorial to Congress asking for an investigation into the obstruction of the navigable streams of Lake county, and calling for a survey, was passed to its third reading. House joint resolution relative to Federal aid for public roads was also passed to its third reading.

Senator Crane's bill to regulate and control the practice of veterinary medicine and surgery in Florida, and provide for the appointment of a board, was amended on the suggestion of the committee on public health, and ordered engrossed for its third reading.

The committee on education presented a substitute for Senator Gillen's school bill, which was adopted and passed to its third reading.

Senator Gillen's bill for all meetings of town and city councils or boards to be held openly, and have all books open for inspection, was placed on the calendar for third reading.

Senator Massey's bill to prevent the shooting of live pigeons, etc., and Senator Crew's bill to punish persons issuing checks or orders when they have no money deposited, as amended by the Judiciary Committee, were passed to the third reading.

Under a suspension of the rules House bill relative to the incorporation of the city of Daytona was passed.

President Trammell announced the following committee to investigate Senator Bailey's resolution in relation to the alleged acceptance of a free pass by Senator Brown: Senators Bailey, Wilson, Davis, Faulkner and Clark.

The pension bill which was passed 20 to 5, will become a law when signed by the Governor.

Senator McCreary's bill relative to the abolition, extension or contraction of the limits of special tax school districts was advanced to its third reading.

At the afternoon session Senator Massey introduced two new bills—one relative to patents and the other providing for the maintenance of teachers' county institutes.

Representative Watermann's auto bill was amended, the rules waived and the bill advanced to its third reading and passed.

The vote on Senator McCreary's Gainesville charter bill was 24 to 0.

Senator Crew's bill amending the law providing for the certification of teachers, giving county superintendents authority to hold special examinations when necessary, was unanimously passed.

Senator Wilson's bill limiting the amount of bonds that may be issued by any town for municipal purposes was unanimously passed. This bill fixes the maximum for which a city may bond for any purpose at 10 per cent upon real and personal property.

Senator Zim's bill prohibiting the exaction or acceptance of reward by public officers, with certain exceptions, was passed, 25 to 1.

Senator Gillen's bill to authorize city clerks to appoint deputies was passed unanimously.

Senator Hudson's bill to punish the sale, gift, barter or exchange of intoxicating drinks to Indians was passed, 23 to 2.

Senator Sam's bill for the preservation of wild otters and beavers was passed, 26 to 1.

In the House.

The House assembled at 9 a. m.

The following new bills were introduced and referred:

Mr. Bradshaw of Hamilton—To prohibit discharge of firearms after night.

Mr. Dupont of St. Johns—To authorize corporations, not for pecuniary profit, to care for and manage children under certain conditions.

Mr. Smith of Volusia—To legalize the incorporation of Daytona Beach.

Mr. Stephens of Jackson—To regulate fishing in mill ponds; also a bill to prescribe who shall be inmates of the State reform school, and under what conditions, and to provide for the management of the reform school; also a bill relative to taking of depositions and disbarment proceedings.

The bill to raise judges' salaries was defeated.

Mr. Sistrunk's bill to regulate vehicle ties on hard roads and pavements was passed.

Mr. Noble's bill to tax owners of dogs, and providing a penalty for violations, was placed back on second reading for amendment. The bill then went back to third reading, and was passed, 36 to 17.

Mr. Jewell's pure food bill was defeated, 26 to 29.

The college trustees bill was made a special order for next Wednesday.

Mr. Taylor's bill to amend the statute relative to appointment of boards of medical examiners was passed, 45 to 1.

Mr. Matthews' bill to reimburse Bradford county for rent of armory was passed.

The live pigeon shooting bill was lost, but a motion to reconsider will be made.

Mr. Watson introduced a bill for the improvement and preservation of the forest resources of the State.

Mr. Buckman's bill relating to the compensation of clerks of circuit courts as clerk and recorder, was defeated, 23 to 24.

The House then adjourned.

E. F. S. ALL RIGHT SAYS MAJ. HAMILTON

United States Army Officer Inspected School Thursday.

PAYS SEMINARY COMPLIMENT

Says It is One of the Best and Most Thoroughly Disciplined Military Colleges He Has Ever Inspected—Institution Needs More Room.

Major W. R. Hamilton, commanding the artillery of Fort Moultrie and Fort Sumter, U. S. A., after a brief visit to this city, returned to his home Friday.

Major Hamilton, who is a very pleasant and genial gentleman, has been in regular commission in the United States Army for the past twenty-nine years, having graduated from West Point in 1876. He was detailed by the government to inspect East Florida Seminary, and this detail brought him to Gainesville.

"I began the inspection Thursday afternoon and finished Friday morning," remarked the Major. "I must say that I am well pleased with the school. I found the military discipline and the spirit excellent—in fact, all that could be desired. The officers and men seem to manifest a great pride in the work, which I know must be gratifying to Superintendent Pound and other members of the faculty.

"I also note that the school is well supported, not only by the faculty, but by the citizens of your city, which is another gratifying point. When you see the citizens sticking by a school you may feel sure that school is all right every time.

"The greatest need of East Florida Seminary at this time, however, are more commodious quarters; I could see that the barracks were overrun, and it stands to reason that the little plat of ground which the school is using for drilling purposes is not near sufficient. The young men attending the school seem to be ambitious. They are certainly as efficient a set as I have ever seen when it comes to field movements, and they should have more room. I know that the school deserves it."

Major Hamilton paid a nice compliment to Superintendent Pound, Commandant Hughes and the faculty of the school in general, and declares that East Florida Seminary is one of the best and most thoroughly disciplined institutions he has visited.

CURED WHEN OTHERS FAILED

1056 Winnemac Avenue.
CHICAGO, ILL., Oct. 25, 1902.

Wine of Cardui can always be relied upon to cure when everything else fails. It is a certain cure for female diseases in their worst forms. I suffered for years with ulceration. Intense pains in the womb and ovaries and dreadful headaches unfitted me for my work. Finally I grew so ill that I had to keep to my bed. The pains were so intense at times as to cause spasms and a disagreeable discharge drained my life forces. In my extremity after all else had failed, I tried Wine of Cardui. After using it for two weeks I began to improve so rapidly that I felt encouraged to keep up the treatment, which I did for eighteen weeks, but at the end of that time I was entirely cured. What a relief was mine and how new and beautiful life looked to me when my health was restored. Only those who have passed through such a siege of sickness as I have will understand how much I value Wine of Cardui. It is indeed a boon to sick women.

Frances Mitchell

Secretary, North Chicago Frauen Verein.

Every weak woman needs Wine of Cardui. Wine of Cardui cures disordered and painful menstruation, periodical headaches, falling of the womb and leucorrhœa. It cures extreme cases of these troubles. It strengthens girls approaching womanhood, helps bring children to barren homes, makes pregnancy and childbirth easier, prevents miscarriages and is the best medicine ever made for use during the change of life. Why permit the good women in your home to suffer another day? Every druggist has $1.00 bottles of Wine of Cardui.

DECREASE PRESSURE ORDERS ALDERMAN

People Must Suffer For Want of Water For Others' Benefit.

COUNCIL IN SPECIAL SESSION

Met to Administer Oath of Office to Alderman O'Neill, But Attended to Other Business, Among Which Was Appointment of Water Committee.

The City Council met in special session Thursday evening, the main purpose being to administer to E. A. O'Neill, the newly elected alderman to fill the vacancy caused by the resignation of C. C. Pedrick. Mr. O'Neill took the oath of office and was seated, after which he received the congratulations of his friends.

The East Florida Telephone Company desires a franchise to operate its lines and instruments within the city limits, and an ordinance granting same was presented, placed upon its first reading and passed. This ordinance will again be presented for action at the next regular meeting, which will occur Monday.

The matter of water meters was brought up. The council, realizing the abuse of the "blanket rate" by many consumers, who keep their hydrants running continuously to the great disadvantage and injustice of others who need water for necessities and cannot procure same, decided to place meters on all water connections and charge a moderate rate, and a committee composed of A. M. Cushman, N. E. Benson and W. B. Taylor was appointed by the chair to confer with the representative of the National Meter Company in regard to placing meters.

The water supply has been very short for the past few weeks, which has been the cause of considerable condemnation by the citizens. Various reasons have been ascribed, and it has been said that Superintendent Miller had been instructed by a prominent member of the City Council to use as little pressure as possible. This was probably done to prevent owners of lawns abusing the right, but it suffers a hardship upon those who are paying legitimate rates and using the water legitimately just the same. It is a shame and a disgrace that some parties using a blanket rate keep their hydrants in operation from fifteen to twenty hours a day for their own convenience, when they are not only inconveniencing other consumers, but placing their own property and the property of others in jeopardy by fire, and it is to be hoped that they will learn to be discreet without being compelled to do so. There is a municipal law regulating the operation of hydrants, and it is the duty of those who have in the matter in charge to promptly report a violation of this law.

Gainesville is on the verge of a water famine, and if some relief is not afforded soon it is bound to come.

A FATAL ACCIDENT.

Peculiar Manner in Which Child of G. A. C. Martin Met Death.

Information has reached this city of the sad and sudden death of the infant son of G. A. C. Martin, Trenton, which occurred Monday by a most peculiar accident.

From the meager particulars learned it was stated that the child was playing in the barnyard, when it pulled from an elevated position a box which had been used as a hen's nest. The box fell across the child, causing instant death.

The funeral was held Tuesday, the interment being in Jennings Lake cemetery.

Friends of Mr. and Mrs. Martin sympathize with them deeply in their misfortune.

Frightful Suffering Relieved.

Suffering frightfully from the virulent poisons of undigested food, C. G. Grayson of Lula, Miss., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. 25c at all drug stores, guaranteed.

Sultan Faces National Ruin.

London, April 28.—Officials conversant with the situation in Yemen province of Turkish Arabia regard the situation there as being in the nature of a life or death struggle for the sultan of Turkey. Should the rising in Yemen succeed, it is bound to spread north to Hejaz, and if the sultan's authority is wiped out in that holy land of Mohammedanism he will lose all claims t othe title of Protector of the Holy Places, which is regarded as the main factor in holding his empire together. Hejaz, or Hedjez ("the Land of Pilgrimage") comprises the sacred cities of Mecca and Medina.

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. Sold by J. W. McCollum & Co.

Grand Duke Has Smallpox.

New York, April 28.—The Grand Duke of Mecklenburg-Schleswig has been attacked by smallpox acording to a Herald dispatch from Berlin. The crown prince of Prussia and his intended bride have removed to the palace of the dowager duchess to avoid contagion.

A Dandy for Burns.

Dr. Bergin, Paua, Ill., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. 'It is a dandy for burns.' Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c, $1.00 bottle. Sold by W. M. Johnson.

Jealous Man Kills Woman.

Saratoga, Tex., April 28.—Sam Watson has shot and killed Mrs. Stella Hambrey, a widow, of whom he was jealous, and then fired a bullet into his own brain, death resulting instantly. The woman had dressed to go to a ball when Watson appeared and asked her not to go. She refused his request, whereupon he shot her.

How to Get Well.

Every organ of the body is directly connected with the brain by nerves. The nerve cells in the brain generate nerve force—power—and send it to the organ through these nerves, and this nerve-force gives life and action. The organs work perfectly when there is sufficient nerve power. Lack of nerve force weakens the action of an organ and it works imperfectly—becomes sick.

Two-thirds of all sickness is thus due to weak or deranged nerves; it is therefore advisable to take Dr. Miles' Restorative Nervine, because it makes nerve energy.

When you cure the nerves you remove the cause, and that's the way to get well.

"Dr. Miles' Restorative Nervine cured me of nervous prostration after every other effort had failed to give me relief. My trouble seemed to begin with a general loss of strength and a breaking down of the nervous system. I suffered from headache, constipation and fluttering or palpitation of the heart. My appetite failed and I was so nervous and restless that I could not sleep at night. My husband, who is a druggist, brought me a bottle of Nervine. It helped me from the start, and I continued using it until I had taken six bottles. My health was completely restored."
MRS. BILA M. MOREHOUSE.
North Adams, Mich.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

THE TWO UNIFORMITY BILLS.

In speaking of the two measures before the Legislature in regard to uniform text books in the State schools, The Lake City Index says:

While The Index is not in favor of either of the two bills providing for a uniform system of text books for the schools of this State, on account of the great expense to parents that a change would cause, we declare emphatically in favor of the McCreary bill as between the two, if either is to become a law, for the following reasons:

McCreary Bill—Senate Bill No. 5.

1. The sub-commission is Democratic in its formation and conforms to the primary law, which is so heartily approved by the great majority of our people. The frequent allowance of a change of school superintendents (who are really the uniform text book commission) prevents any danger of a scandal and no likelihood of an attempt at bribery. There are too many men to be bought.

2. It provides for uniformity in ALL grades—Primary, Intermediate, Grammar School and High School.

3. Recognizing the fact as pointed out by The Index last week that contracts had recently been made by the county school boards for books, it provides a GRADUAL conformity to the system rather than a radical and abrupt change.

4. Provision is made for the punishment of contractors attempting to influence elections in this State, thereby relieving the people of such rumors as "that much money was used in our last campaign to secure the election of Mr. So-and-So," etc.

5. The argument being used that the books are already selected before the county boards meet is a MISTAKE. One-half of the present school officers have been installed since the present contracts were made in the different counties. It is a fact, well known to everyone of any ordinary intelligence, that the county school boards never select books until after advice from and consultation with the principal teachers of their county.

So much for the McCreary bill, and we believe we have discussed and "analyzed" it fairly.

Now a few words as to

Senate Bill No. 112.

1. It provides for a "SMALL" commission of five. Three of these constitute a majority. They will have to pass on contracts aggregating about $250,000 annually; it is perpetual in its character, like the bond trustees of Jacksonville, and it is said the same "fine Italian hand" drafted both measures; the members of the commission do not have to be confirmed by the Senate; the board passes on its own vouchers for expenses; it is as undemocratic as it would be possible for such a measure to be.

2. High school books are not included in this bill. Possibly, of all the books in use in the State, one-third are high school books. If there is to be any reduction, and if the promoters of uniformity are sincere in their efforts to serve the people, and to afford them relief, why were these not included? Is it because Ginn & Co., and a few of the smaller concerns who do not publish standard works, simply desire to "muddy the waters" and prevent fair and just legislation along these lines?

3. The existing contracts in the counties are not recognized, and there would be an abrupt change, WITH POSSIBLE SUITS FOR DAMAGES IN FORTY-FIVE COUNTIES FOR VIOLATION OF CONTRACTS. It should have in its title a clause that it is a measure in the interest of the attorneys of Florida who desire to be retained by the "SMALL" commission in the various counties of this State at a good salary for a soft snap.

4. No provision is made for the punishment of contractors who may come into the State to help elect persons to office who will do their bidding after election. There is danger of untold mischief. If it is the purpose of making a commission for all time, why not provide that they shall be elected by the people like the railroad commission? As we said above, it is like the city attorneyship of Jacksonville—the people will have no voice in its selection.

5. Under the provisions of this bill (No. 112) there is a possibility of manuscripts being submitted instead of the book itself as samples.

This measure is full of loop-holes, and is positively undemocratic in its provisions. It should be promptly killed.

LEGISLATIVE NOTES.

Mr. Wells' bill to prescribe the compensation to be paid the members of the Boards of County Commissioners of the several counties, was read and ordered engrossed on Wednesday. It increases the per diem from two to three dollars.

The fish bill of Mr. Robison of Leon will be made a special order for Thursday, May 11th.

Representative McCallum's bill requiring notaries public to have their appointments entered in the clerk's office for the county in which they reside, and prescribing a fee of 10 cents therefor, to be placed in a book for that purpose, was read the second time on Wednesday and ordered engrossed.

The bill for a State Board of Accountancy, introduced by Representative Noble of Lake county, has met some opposition on the ground that there are already too many boards. It will be made a special order for next Wednesday.

The bill in the Legislature for the erection of a mansion for the Governor will come up in the House today. The bill was amended, reducing the appropriation from $80,000 to $25,000.

Senator Faulkner of Perry introduced a substitute to Senator Zim's anti-free pass bill that weighed so heavily on the measure that the whole thing was completely swamped, being indefinitely postponed. It favored punishing the giver as well as the receiver of favors.

There are many complaints by people who take the city water that there are times during the day when they cannot get a sufficient supply for even light housekeeping. In some portions of the city lawn sprinklers are run late into the night, while in other localities about town it is a difficult matter at times during the day to get even enough for drinking purposes. This matter is called to the attention of the water board or those who have charge of the water supply.

"They prescribed for me, and I took their medicines, but kept getting worse, until a friend told me I would never get well until I took Peruna.

"Within a week after I started to take it I felt much better and I continued taking it for two months with almost marvelous results.

"The doctor insisted on an operation as the only chance to get well, but I had always dreaded an operation and strongly objected.

"My husband felt disheartened as well as I, and when a friendly druggist advised him to bring me a bottle of Peruna he did so, and I started to use it.

"I had headaches, pains in the back and frequent dizzy spells, which grew worse every month.

"I tried two remedies before Peruna, and was pretty discouraged when I took the first dose; but my courage soon returned as I could see that I was being benefited, and in less than two months my health was restored."—M. Brickner.

The merchants about the city had on sale yesterday the finest strawberries of the season, and as ripe and fine flavored as one could find anywhere. Florida strawberries, when at their best, are equal to any grown. Many of the earlier berries are not so excellent in quality, and those who do not stay here to see the later ones are of the opinion that the Florida product is not equal to those grown farther north. This is an erroneous idea, as the berries we have been receiving lately are large, smooth, fine flavored and well colored.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

ODD FELLOWS CELEBRATE.

Eighty-Sixth Anniversary of the Order Was Celebrated in Gainesville.

Center Lodge No. 11 and Colfax Rebekah Lodge No. 2, I. O. O. F., celebrated the eighty-sixth anniversary of the order in the United States at the lodge room Friday evening.

There were present a great many members of the order, both Odd Fellows and Rebekahs, and the following program was rendered in a most delightful manner:

Piano solo—Prof. A. J. Foskett.

HEALTH IS YOUTH.

Diseases and Sickness Bring Old Age.

Herbine, taken every morning before breakfast, will keep you in robust health—fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaints. It purifies the blood and clears the complexion. Mrs. D. W. Smith, Whitney, Tex., writes April 3, 1902: "I have used Herbine, and find it the best medicine for constipation and liver troubles. It does all you claim for it. I highly recommend it." 50c a bottle. Sold by W. M. Johnson.

CAMP'S MILL BURNED.

One of the Finest and Most Modern Saw Mills in State Consumed.

A telegram to The Times-Union from White Springs, under date of April 27, bears the following information:

"Fire here totally destroyed the immense saw mills, dry kilns and veneering plant of R. J. and B. F. Camp, also the commissary, two million feet of lumber and several houses. The aggregate loss is estimated at $250,000. This was one of the most complete milling and veneering plants in the State and its destruction throws a large number of men and boys out of employment."

Messrs. R. J. and B. F. Camp are well known in this section, and have the sympathy of their friends in this tremendous loss.

It is understood that the plant was insured for $150,000, and that the mill will be immediately rebuilt.

A Thousand Dollar's Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $100 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. Sold by J. W. McCollum & Co.

Twentieth Century Club.

The regular meeting of the club was held Monday afternoon at the home of Mrs. Foster. The meeting was called to order by the president, Mrs. Harper.

After the reading of the minutes other items of business were discussed and a good report was received from the library committee.

The literary portion of the program was led by Mrs. Richards, the subject being "Great Danes and Their Deeds."

The first selection was a solo by Mrs. Percival. An interesting paper was read by Mrs. Kelley on the "Roling Sovereigns of Denmark." Also a reading by Mrs. Hay on the "Life of Hans Christian Anderson."

The meeting was closed with a general talk on the Neil Finsen light.

The next meeting will be held at the home of Mrs. W. S. Dorsey, Monday, May 8.

Last Hope Vanished.

When leading physicians said that W. M. Smithart of Pekin, Ia., had incurable consumption, his last hope vanished; but Dr. King's New Discovery for consumption, coughs and colds kept him out of his grave. He says: "This great specific completely cured me, and saved my life. Since then I have used it for over 10 years, and consider it a marvelous throat and lung cure." Strictly scientific cure for coughs, sore throats or colds; sure preventive of pneumonia. Guaranteed. 50c and $1.00 bottles at all drug stores. Trial bottle free.

A Methodist church is to be built at Cutler.

The recent rains at Cutler have been of material benefit to the tomato crop.

It is asserted, after careful investigation, that Eustis had over 800 visitors the past winter.

An auto road will be constructed from Seabreeze to Ormond, a distance of six miles, by H. M. Flagler.

Fred H. Carpenter of St. Petersburg, who sued George H. Lipps, a wealthy tourist, for $5,000, has settled the case out of court.

The Fort Pierce Land and Improvement Company is having good success with its crops at that point. The soil is very productive.

John B. Hickey of Tampa has sold his department store and retired from business, having in fourteen years amassed a competency.

Fernandez Fellez, the Spanish night manager of a coffee house in Tampa, after leaving a note saying, "I am tired of living," proceeded to bore holes in his head with a revolver. He will live.

West Palm Beach will miss the lamented Joseph Jefferson more than any other city in the country. He has done much to advance the interests of that place. Every person in the city did him homage.

Prof. Hanson Boring, one of Welaka's venerable citizens, died April 26, aged 84 years. He was a most remarkable man, having lost both arms when but 21 years of age, using artificial arms of his own invention, by which he could eat, write and do most things that people can do with the natural arm. He was a professor of mathematics in some of Kentucky's best schools for 40 years.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine E. H. Wolfe of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." All druggists guarantee them at 50c.

Refused to Aid Disabled Yacht.

Washington, April 28.—The owners of the Fruit steamer Oteri have written to the navy department acknowledging receipt of the department's communication forwarding a copy of the complaint made by Lieutenant F. T. Evans, comanding officer of the president's yacht Sylph. Lieutenant Evans reported that the captain of the Oteri refused to aid the yacht while she was disabled off the North Carolina coast recently. The department was notified by the Oteri's owner that the matter would be investigated.

WHITE MAN SHOT TO DEATH.

e Was a Prisoner in Jail for the Murder of a Woman.

Shreveport, La., April 28.—After orking three hours with sledge hamers and pick axes a mob of 25 men roke into the parish jail at Homer, a., 75 miles northeast of Shreveport, nd shot Dick Craighead, inflicting ounds which will probably prove fa. Craighead was charged with the urder of Mrs. Ike McKee, the wife of is half-brother, and her little son.

The authorities were unaware of he design to mob the prisoner until t was too late to protect him. Every elephone and telegraph wire out Homer was cut and the rifles of the Claiborne Guards, the local minitary ompany, were seized before the move was made on the jail. So quietly did the mob work that scarcely anyone in the little town was aware of what was taking place at the jail.

The man's leg, arms and portions of his body were literally riddled.

Believing that Craighead was dead, he members of the mob left the prison and quickly dispersed.

THREE DROWNED IN RIVER.

Wild Horse Dashes into Etowah—Man, Wife and Child Drown.

Atlanta, April 28.—Edward Axson, superintendent of the Franklin gold mines, near Ball Ground, Ga., his wife nd litle boy, were drowned in the Etowah river, near Canton.

It is stated that Mr. Axson was taking his wife and child for a drive when he horse became unruly. He reared or some time, and then ran away.

Mr. Axson was so completely taken y surprise that he was at a loss what o do. The horse jumped straight into the stream, and, before assistance ould be secured, the whole family was rowned.

Mr. Axson is a grandson of Rev. Dr. Axson, of Savannah. Mrs. Axson was ormerly from Boston. The little boy who was drowned was the only child f the couple. H ewas 3 years old.

Men Past Sixty in Danger.

More than half of mankind over ixty years of age suffer from kidney nd bladder disorders, usually enlargement of prostate gland. This is both ainful and dangerous, and Foley's Kidney Cure should be taken at the irst sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old."
